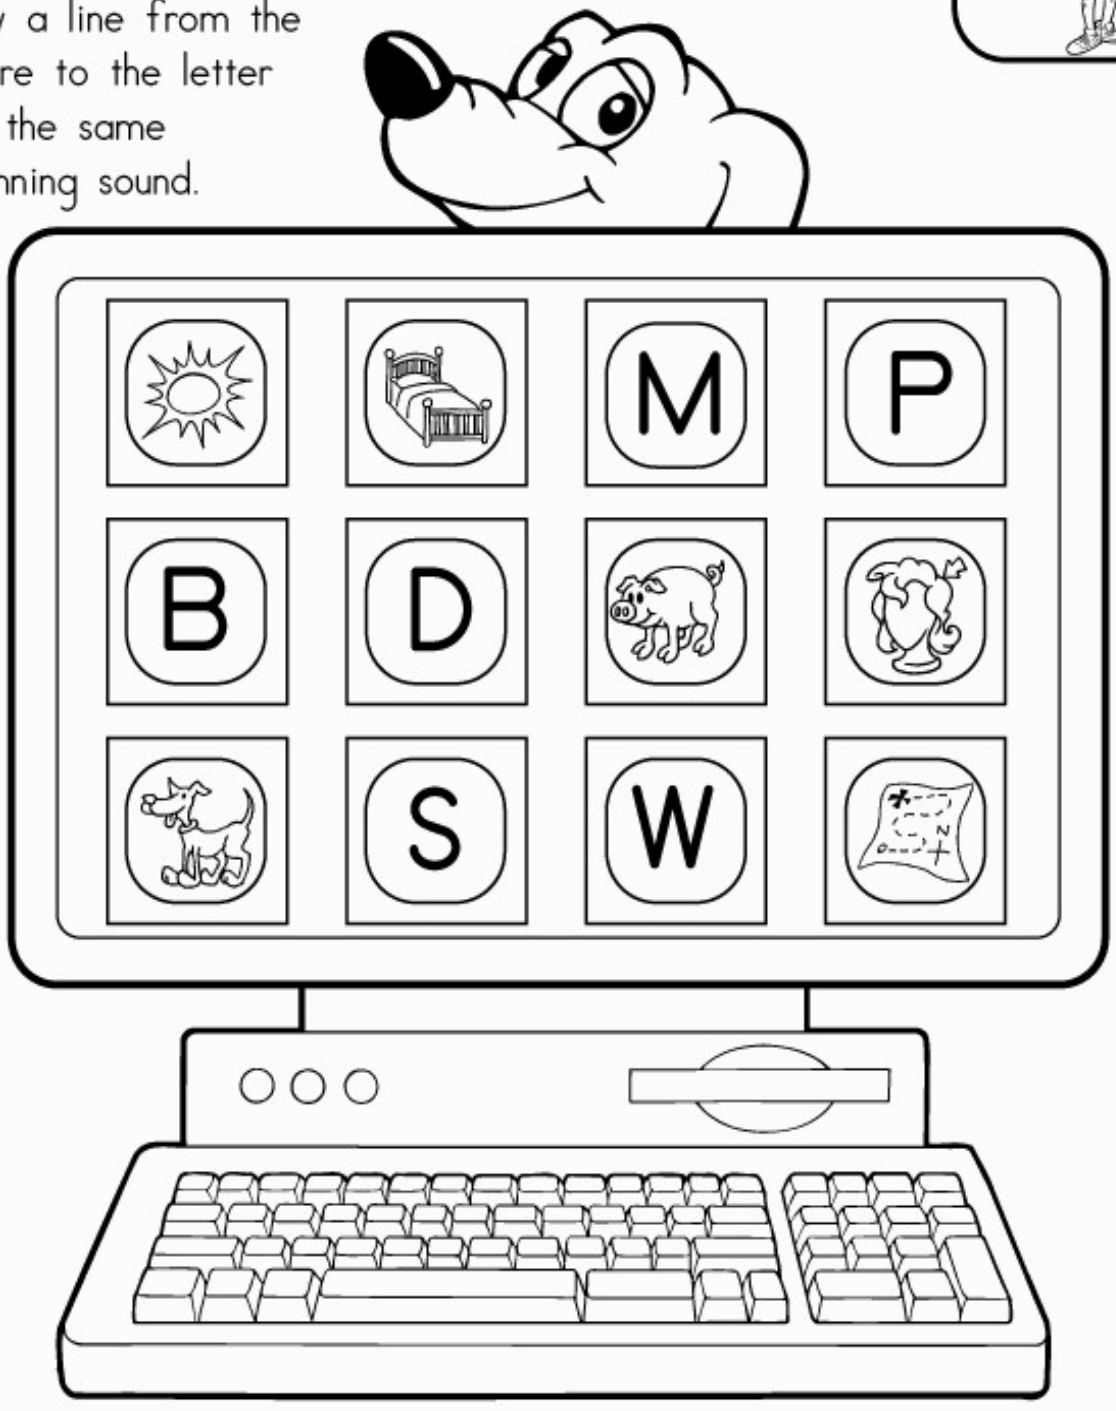
Up Front!

Draw a line from the picture to the letter with the same beginning sound.



Play Consonant Lotto with your child. Make a 3 x 3 grid on a sheet of paper, and have your child write a consonant in each of the nine spaces. Then make a similar grid for yourself, but add different consonants. Next, draw items that begin with a consonant (such as a ball, cat, dog, or fish) on slips of paper. You will need 21 slips to represent each consonant. Put the slips in a lunch bag. Then take turns drawing a slip and naming the picture. The person with the matching initial consonant places an X on his grid. The first player to mark all nine consonants on his grid wins the game.
